

# In-Line Filters

## Aftermarket replacement cartridges

Part Number	Media	Description	Replacement For	No. Per Case
RS-21-SED5	Polypropylene	5 $\mu$ Spun bonded SED.	Clack	25
RS-21-CB5	Carbon block	5 $\mu$ Carbon block	Clack	25
RS-22-SED5	Polypropylene	5 $\mu$ Spun bonded SED.	Hydrotech	25
RS-22-CB5	Carbon block	5 $\mu$ Carbon block	Hydrotech	25
RS-23-SED5	Polypropylene	5 $\mu$ Spun bonded SED.	Culligan	25
RS-23-CB5	Carbon Block	5 $\mu$ Carbon block	Culligan	25

## Everpure® type replacement elements

Part Number	Micron	Description	Replacement For	No. / Case
E5420-P	1	Block, phosphate	OCS	20
E5720-P	1	Block, phosphate	H-200	20
E5715	1	Lead reduction block	OW-200	20
E5720	1	Carbon block	S-200	20
E5633	-	GAC carbon block	7TO	20
E5620-P	1	Block, phosphate	H-100	20
E5620	1	Carbon block	S-100	20
E5648	-	Acid neutralizer	7NE	20
E5515-P	1	Lead reduction block, phosphate	H104	20
E5320-P	1	Lead reduction block, phosphate	H-50	20
E5754	1	Water softening filter	7SO	20

# ELF-Series Filters

*The ideal filter option for the commercial food service industry.*

**10" cartridge**

**Elf filters, head and bracket**

**15" cartridge (XL)**

Permanent filter heads with replaceable cartridge elements for high flow and high capacity to 20,000 gallons. Rated for temperatures to 100°F and 125 psi. Some product codes are NSF certified.

## Features

- Better tasting water
- Protects equipment from hard water
- Lead & cyst specific media available
- Large 3-1/2" x 10" and 15" lengths
- Capacities to 20,000 gallons
- Flow rates up to 2 GPM
- Two piece bayonet style replaceable cartridges with permanent head
- Best cost to performance ratio in the industry!

ANSI / NSF  
STANDARD 42  
CERTIFIED  
(ELF-1M, ELFXL-1M)

## Models and product codes

Product Code	Taste & Odor Reduction	Chlorine Reduction	Cysts	Lead Reduction	Scale Inhibitor (To protect equip.)	Micron	Length	Capacity (Gals.)	No. / Case
ELF-HEAD									1
ELF-BRACKET									1
ELF-1M	•	•	•			1	10"	15,000	12
ELF-XL-1M	•	•	•			1	15"	20,000	18
ELF-1ML-P	•	•	•	•	•	1	10"	2,500	12
ELF-XL-1ML-P	•	•	•	•	•	1	15"	3,000	18
ELF-10M-P	•	•			•	10	10"	10,000	12
ELF-XL-10M-P	•	•			•	10	15"	15,000	18

**Note:** ELF-1M and ELFXL-1M is NSF Standard 42 certified.

**Warning:** Do not use filters listed in this section with water that is microbiologically unsafe or unknown quality without proper disinfection before or after the filter.

# Additional Filter Options

Shower filters and Doulton® brand ceramic filters for bacteria reduction.

## New shower filter from Flowmatic®

Flowmatic's high quality Dial-A-Date shower filter allows users to easily set month of installation or the month filters need to be replaced.

- 100% KDF-55 media
- Chlorine reduction
- Quality retail carton
- Will not rust or corrode
- Dial-A-Date ring

Part Number	Description	No. Per Case
FMSHWR-KDF55	Retail box	1
FMSHWR-KDF55-PLAIN	Plain box	1

## Doulton® brand ceramic filters

Cleanable Doulton self-sterilizing elements can be used over and over to reduce filtration costs. Capable of removing 99.99% of suspended solids and 100% of cryptosporidium, giardia lamblia cysts and bacteria. Designed to comply with the most stringent potable water standards.

- Cleanable
- Self-sterilizing
- Can be used over and over, reducing cost
- Capable of removing 99.99% of suspended solids and 100% of cryptosporidium, giardia cysts, and bacteria.

Part Number	Size	Model	No. Per Case
DS-1000	1/4" BSP thread	Sterasyl	25
DSS-1000	1/4" BSP thread	Super Sterasyl	25
DSC-1000	1/4" BSP thread	Super Carbon	25
DUC-1000	1/4" BSP thread	Ultra Carbon	25
DC-1000	1/4" BSP thread	Carbosyl	25
DS-OBE	Double open ends	Sterasyl	25
DSC-OBE	Double open ends	Super Carbon	25
DUC-OBE	Double open ends	Ultra Carbon	25
DC-OBE	Double open ends	Carbosyl	25

# Flowmatic® Empty Refillable Canisters

*Plastic refillable canisters for activated carbon and other filter media for water treatment.*

## Refillable canisters for granular media

Plastic refillable canisters for activated carbon and other granular filter media. Low cost and reusable! Made using FDA grade polypropylene. Available in white and clear.

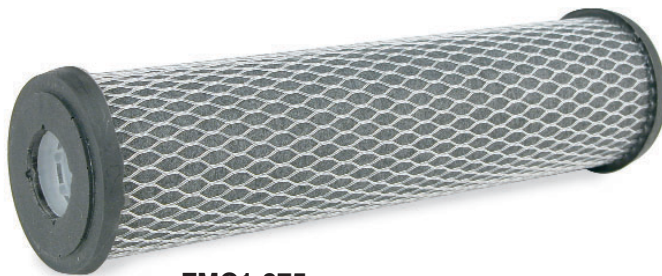

## Refillable canisters for granular filter media
